

SH system holder

Product information

The SH system holder is the optimally aligned main component which, especially in conjunction with Murrflex cable protection conduits and the inlays, is able to promise excellent performance in terms of stability, operational flexibility and durability, even under high dynamic loads.

The SH 56/70 & SH 56/70-M system holder is made of a modified, impact resistant polyamide, whereas the SH 56/70-A is made of black anodized aluminium.

- Suitable for initial equipment, subsequent installations or repairs
- Excellent system stability
- Easy assembly of inlays and the cable protection conduit without tools
- Suitable for 4 different applications
- Simple and easy configuration for dynamic or rigid applications
- Cost reduction – only one system holder for every application
- Versatile mounting options
